25th anniversary Convention

On behalf of the members of the Board of Directors, we welcome you to this 25th anniversary congress in Château-Richer.

This gathering finally allows us to have the

"Plesure of meeting and telling each other stories"

to share together what we have continued to discover through our genealogical research over the past few years.

As the saying goes: "Words fly away, writings remain."

The Board of Directors decided to set the Congress fee at \$25 in order to celebrate the Association's 25th anniversary and to offer members the benefit of their encouragement over the years.

The trip to France to meet our cousins was an important activity to highlight 25 years of exchanges and research on the history of our ancestors.

For the 2024 conference, we received a suggestion from a member that each attendee invite someone to the 2025 conference. As a 25th anniversary gift from our members, we invite a new person to the conferene and celebrate our history.

Our annual gatherings allow us to expand our circle of friends and discover the daily lives of the Bilodeau family, in addition to perpetuating the history of the descendants of our valiant ancestors,

Jacques Billaudeau and Geneviève Longchamp

It's our turn to make history today and tomorrow!

Happy Congress 2025!
